Sexual Integrity Leadership Summit Sponsorship & Exhibitor Agreement

Thank you for your commitment to the Sexual Integrity Leadership Summit. Your support is a vital element of our mission to strengthen the Church. In order to make the Summit an enjoyable experience for all and to ensure mission consistency, we ask Summit Sponsors and Exhibitors to abide by the following guidelines:

1. In order to maintain a clear and consistent summit experience for all, we ask that Sponsors and Exhibitors substantially agree with the SILS foundational documents (mission statement, core values, and statement of faith). If a Sponsor or Exhibitor disagrees with anything in our foundational documents or has other questions, please contact Daniel Weiss at dweiss@brushfiresfoundation.org with your concerns.
2. We encourage Sponsors and Exhibitors to support the Summit through promotion on social media, email, and organizational newsletters. We are PROUD that you will be joining us. Please share your involvement broadly!
3. SILS is focused on strengthening and building up the Christian Church and Her leaders. Therefore, Sponsors and Exhibitors should take care that none of their words or actions attack or belittle pastors, Christian leaders, or the institution of the Church. Any matters of concern and disagreement should be handled with respect and love.
4. Sponsors and Exhibitors should also take care not denigrate/speak poorly about other organizations or speakers at the summit.
5. Sponsors and Exhibitors are asked to be mindful of the collaborative nature of the Summit. We value the contributions of diverse speakers and ministries. While Sponsors are encouraged to showcase their own services and resources, they should refrain from engaging in a competitive approach to promotion and marketing. All of us are serving the same Lord and Savior and working in the same Kingdom. The beauty of SILS is its support of a mission larger than any one person or organization. We ask Sponsors to be mindful of our shared Kingdom work during the Summit.
